

Ryan eReview® — Canada's Most Advanced Software for Ensuring All Tax Savings Opportunities Are Identified in Your Organization.

During a sales tax review, Ryan consultants utilize Ryan eReview® as a tool in their identification and analysis of potential Federal and Provincial sales tax savings opportunities.

Refined over the past decade, Ryan eReview® is the industry standard in the Canadian sales tax consulting industry. It is used exclusively for the benefit of Ryan clients.

In contrast with software used by other firms — which is often little more than customized spreadsheets or off-the-shelf audit software — only Ryan eReview® is based on our 40 plus years of knowledge and best practices in Canadian sales taxes and developed specifically for our proprietary review process.

Ryan eReview® software is always used in conjunction with the expert analysis of highly qualified Ryan sales tax experts.

Technology. Expertise. It's a combination that provides Ryan clients with the most thorough and accurate analysis of sales tax payments available anywhere, no matter how large or complex the organization.

No Stranger to Innovation

Ryan is the recognized leader in review technologies and methodologies. Honed over three decades of experience in Canadian taxes, these advancements are proven in more than 1,200 client engagements each year. It's a record of innovation no other Canadian sales tax consultancy can match.

Always in your best interests

As powerful as Ryan eReview® is, it's remarkably non-intrusive.

All Ryan consultants need is access to the appropriate electronic data, arranged in advance by our certified data and systems specialist.

To protect your confidential records, we employ rigorous security safeguards. These include the latest security technology on all computer desktops and laptops. This is in addition to strict security guidelines, restricted file access, client agreements, and personal employment contracts.

Software is just the beginning

The industry's best sales tax review software isn't our only innovation. Over the past 40 years, Ryan has leveraged electronic publishing to help clients manage the sales tax function more successfully.

These include:

 **Ryan Online®** — the Web-based comprehensive sales tax resource.

 **Ryan TaxDirect®** — our hotline to sales tax experts, which features a database of more than 6,000 questions and answers annually.

 **The Ryan Sales Tax Library** — an extensive collection of electronic tax publications covering federal and provincial jurisdictions across Canada.
